Agenda as circulated approved.

Assessment of Accounting Needs

Assessment of Accounting Needs outlined several options for Council.

Tim Gale re-stated his recommendation to adopt Option 2 for the following reasons:

- Increase efficiency and effectiveness using chartered accountants
- Using a registered chartered accountant creates another level of scrutiny and quality assurance
- Ensure our systems are setup with the optimal processes in place to streamline and reduce the amount of manual inputs
- The accountant is familiar with the GAC's business and associated finances
- Will significantly reduce costs

<p>Motion 27/1: Moved Stephen Hall/Roger Duxfield that Council approves option 2 as per Tim Gale's Assessment of Accounting Needs. CARRIED</p>
